Professional Summary

Motivated B.Tech Computer Science student specializing in AI/ML with a strong foundation in C++ and Java. Passionate about building scalable applications and solving complex problems, I am eager to contribute to innovative engineering teams.

Education

B.Tech in Computer Science (AI & ML), Bansal Institute of Science and Technology, Bhopal |
Sept 2023 – June 2027 | CGPA: 7.83

Technical Skills

- Proficient in programming languages including C++, Java, SQL, HTML, CSS, and JavaScript.
- Strong foundation in core computer science concepts such as DSA, OOP, DBMS, OS, and Computer Networks.
- Experienced with development tools and platforms including Git, GitHub, VS Code, and MySQL.

Projects

Campus Placement Management System | Java, Spring Boot, React.js, MySQL

- Developed a full-stack web application using **Java, Spring Boot, React.js, and MySQL** to manage campus placement activities.
- Created RESTful APIs using Spring Boot with layered architecture and integrated MySQL database using Hibernate and Spring Data JPA.
- Built frontend interfaces using **React.js and JavaScript** and connected them with backend APIs.
- Implemented DTO-based data transfer, validation, exception handling, and Spring Security for secure and reliable application development.
- Tested APIs using Postman and managed project dependencies using Maven.
